Reputation grade D. Public rating is below the 4.0 trust threshold (0.0★ / 0 reviews).

~$640/month

estimated recoverable business, conservatively

That's a careful estimate between **$380** and **$900** a month — value you're currently leaving on the table, not a bill or a guarantee.

- A low local rank means prospects never see you before they pick someone else.
- A thin review profile lowers the click-through and trust of everything above.

How we got there:

– Benchmark source: category:home_services (avg. click cost $6.00, close rate 30%).

– Estimated customer value used: $720 (from your niche average).

– Assumes only ~3.0 recoverable leads/month from the 1.5 issue(s) we actually found — not your full potential.

– Rounded down to the nearest $10. This is recoverable value, not a guarantee.
